

WATER RATES

Water Usage Rates

Water usage fees pay for costs that vary with consumption, such as the wholesale cost of purchasing water, system operation and maintenance, and replacement.

	Rate
First 10 units in billing period	\$1.95 per unit
11-30 units in billing period	\$2.12 per unit
Over 30 units in billing period	\$2.45 per unit
Note: One unit = 748 gallons	

Meter Service Charges (Per two-month billing period)

Meter service charges pay for the “fixed” costs of servicing water customers regardless of how much water is consumed. For example, the costs of meter reading, billing, and accounting are paid for through meter service charges.

Meter Size	Service Charge
5/8 inch (Standard)	\$7.00
3/4 inch	\$9.50
1 inch	\$14.40
1 1/2 inch	\$31.60
2 inch	\$55.50
3 inch	\$140.10
4 inch	\$277.70
6 inch	\$489.80
8 inch	\$678.00
10 inch	\$817.00

NEW WATER SERVICE CHARGES

Water Facilities Fees

Water facilities fees, also referred to as connection fees, are paid by those wishing to connect a new service to the public water system. The funds are used to pay for system improvements that are needed to accommodate new growth and future development.

Type of Service/Meter Size	Fee
Residential units with standard service (5/8-inch meter) or residential units with inside sprinkler system required by Fire Department (1-inch meter) Note: Residential unit is each single-family dwelling, each one-family dwelling in a multiple dwelling structure, or each mobile home lot in a mobile home park	\$4,343 per unit
Fire Service (regardless of size)	\$4,343
Non-residential units, fee per meter	
5/8-inch meter	\$4,343
3/4-inch meter	\$6,510
1-inch meter	\$10,860
1 1/2-inch meter	\$21,720
2-inch meter	\$34,740
3-inch meter	\$69,490
4-inch meter	\$108,580
6-inch meter	\$217,150
8-inch meter	\$347,440
10-inch meter	\$499,450

Water Installation Fees

Water installation fees cover the actual costs for the time and materials needed to install new water service. Installation fees are paid in addition to facilities fees (see above).

Meter and Service Line Size	Installation Fee
5/8" meter and 3/4" line	\$1,680
3/4" meter and 3/4" line	\$1,680
3/4" meter and 1" line	\$1,810
1" meter and 1" line	\$1,810
1" meter and 1 1/2" line	\$2,150
1 1/2" meter and 1 1/2" line	\$2,150
1 1/2" meter and 2" line	\$2,480
2" meter and 2" line	\$2,480
Larger than 2" meter	Actual time and materials
